Pool Area Demographics

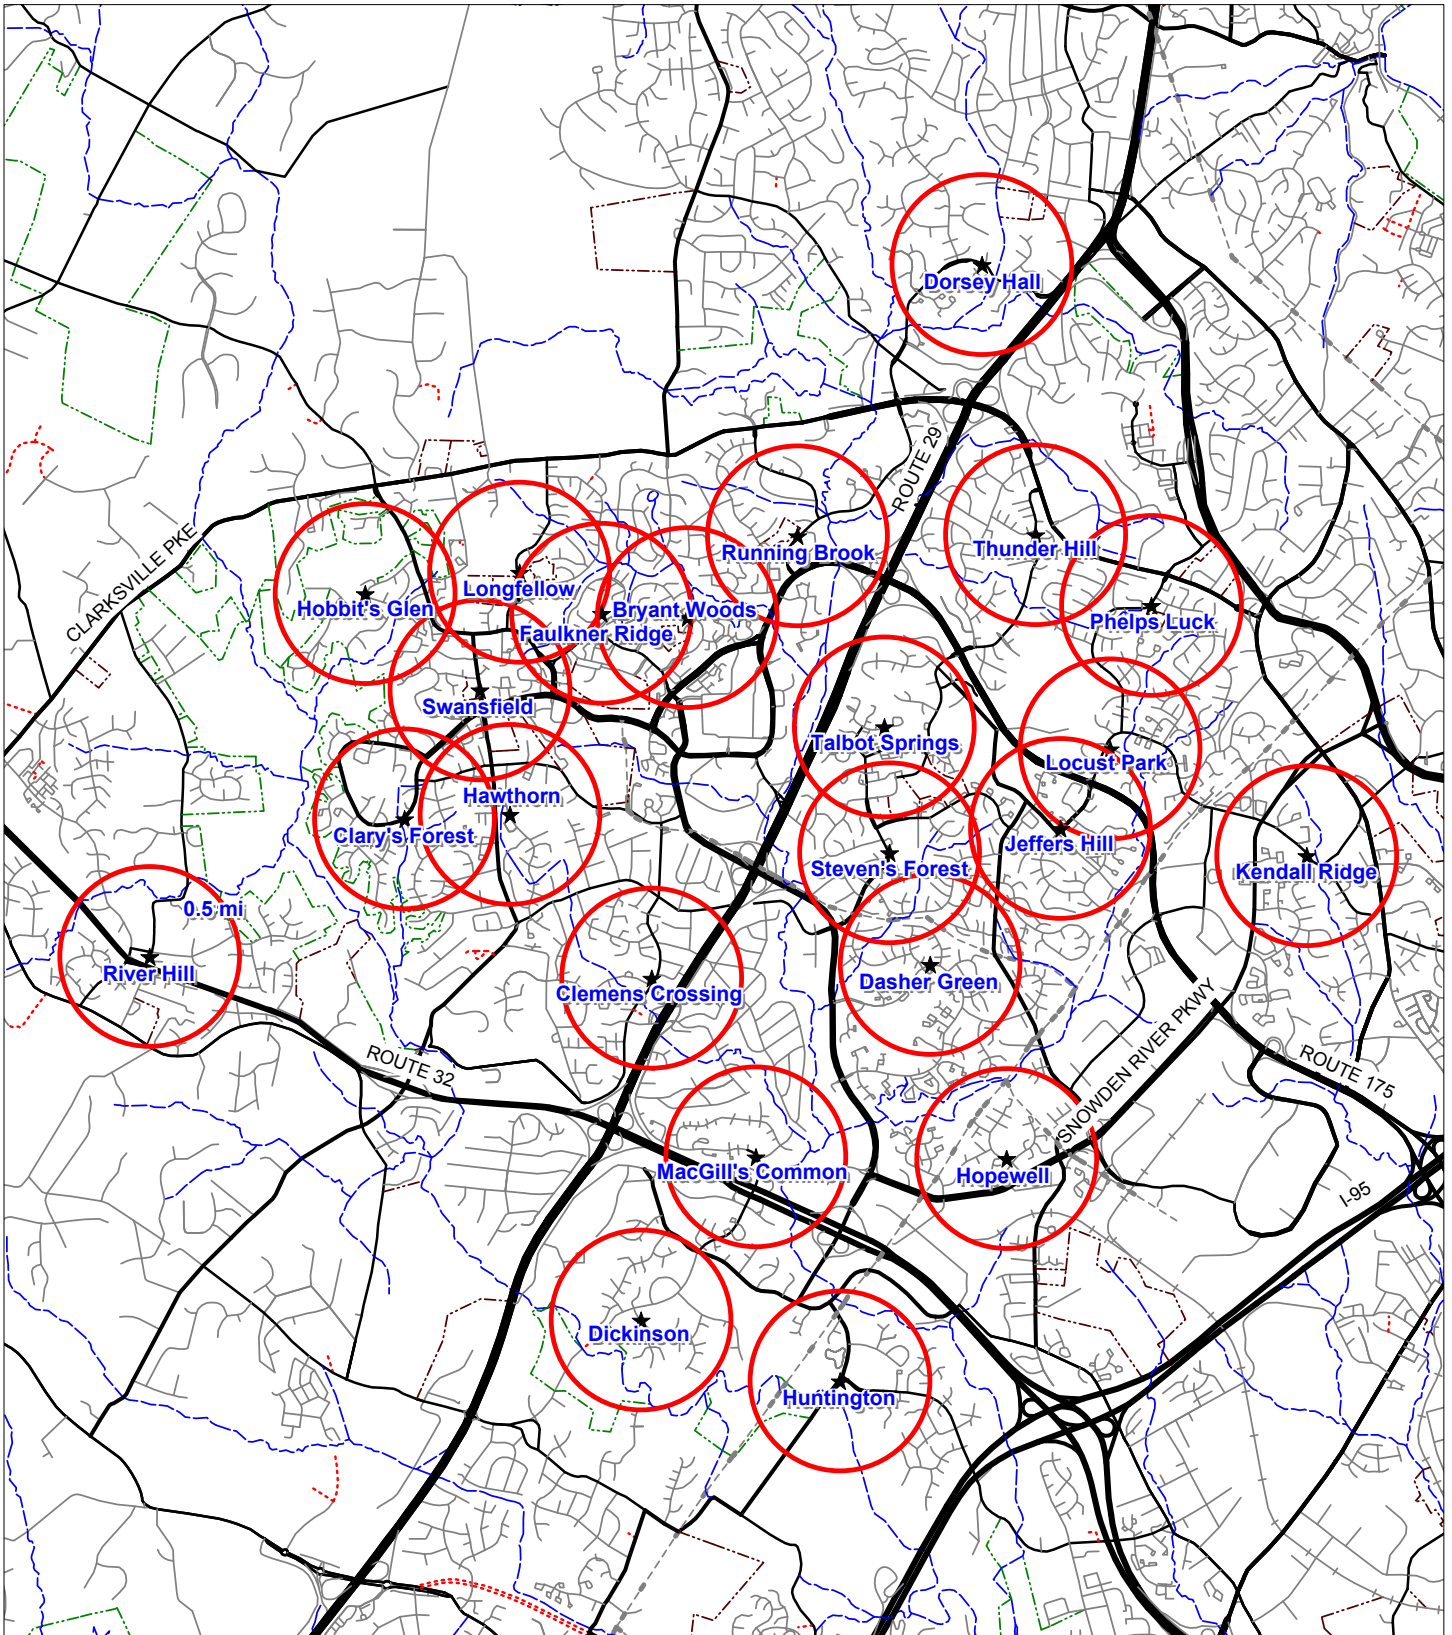

A Demographic Profile for each outdoor pool area is included here. Demographics are for the ½-mile ring around each pool. The map on the next page shows the location of the 23 pools and their ½-mile rings area. A summary of selected characteristics for all 23 pool areas is provided first, followed by the 23 one-page profiles.

Pool Attendance Trends

Outdoor pool attendance information is provided here for each of the last five years, five-year averages, and average daily attendance.

Pool attendance is presented for two data sets: total attendance at each pool and regular attendance. **Total attendance** includes all attendance at the pool. **Regular attendance** excludes pool attendance for special uses of the pool such as rentals, lessons, classes, or swim teams.
