

Policy for Allowing Non-Resident, Non-Members to play at Fairway Hills Golf Club

Allow non-residents to pay daily fees to play at Fairway Hills Golf Club

1. Currently the only way a non-resident may play at Fairway Hills is to become a member or be a guest of a member. Currently only residents may pay daily fees and play without membership.
2. There is capacity at Fairway Hills. We have not hosted more than 40,000 rounds at Fairway Hills for many years and capacity is 50,000.
3. A three-tiered rate structure for green fees will be implemented; members would pay one rate, resident card holders would pay another rate, and all non-members would pay another.
4. Staff estimates that, over time, with good marketing and communication, this change could generate up to 5,000 incremental rounds of golf each year.
5. This change will be implemented for the coming golf season, April 2007.

Approved February 22, 2007
