Independent Auditor's Report

To The Board of Directors
Columbia Association, Inc.

We have audited the accompanying statements of financial position of Columbia Association, Inc. as of April 30, 2014 and 2013, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Columbia Association, Inc. as of April 30, 2014 and 2013, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Note 1 - Organization and summary of significant accounting policies

Organization

Columbia Association, Inc. (the "Association") is a nonprofit membership corporation, incorporated under Maryland law. It develops and operates recreation and community facilities; provides community programs and assistance; and maintains and develops park land and open space in Columbia, Maryland. The Association is governed by an eleven-member Board of Directors comprised of the Association's President and ten members elected by residents of each of the ten villages.

Use of estimates in preparing financial statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and cash equivalents

The Association defines cash equivalents as all highly liquid investments with maturities of ninety days or less when acquired, except when such investments are held by trustees for the debt service, risk management or workers' compensation funds.

Accounts receivable

Accounts receivable consist principally of membership fees receivable, which are uncollateralized and generally have a term of one to three years. Accounts receivable also include property assessments, which are collateralized by the resident's property.

The carrying amount of accounts receivable is reduced by a valuation allowance. The reserve for abatements and allowance for doubtful accounts is based on management's assessment of the collectability of specific member accounts and the amount of abatements residents will receive on their property assessment. All accounts or portions thereof deemed to be uncollectible or to require an excessive collection cost are written off to the reserves for abatements and allowance for doubtful accounts.

Debt service fund

Under the terms of the senior secured bond agreements, the Association deposits annual charge revenues with a trustee under a sinking fund arrangement. Investments in this fund are used to pay principal and interest payments on the bonds and are invested in U.S. Governmental Securities money market funds, which are stated at fair value.

Investments held by trustees

Investments held by trustees consisting of money market funds and U.S. Government mortgage bonds and treasuries are stated at fair value.

Property, facilities and equipment, net

Land includes approximately 3,400 acres of land that has been contributed to the Association since the establishment of the community of Columbia and is recorded at zero value. The contributed land is subject to a zoning ordinance limiting its usage to public or community usage. Facilities, equipment and land improvements that have a limited life are stated at cost and are depreciated using the straight-line method.

Assets	Estimated Useful Lives
Building and recreational facilities	10 to 40 years
Land improvements	20 to 25 years
Furniture, equipment and other	5 to 10 years

Costs of parks, lakes and related permanent land improvements are accounted for as land and are not depreciated because they have an indefinite useful life. Normal, recurring or periodic repair and maintenance costs are expensed as incurred.

Accounting for the Impairment or Disposal of Long-Lived Assets ("FASB ASC 360-10"), requires that an impairment loss be recognized only if the carrying amount of a long-lived asset is not recoverable from its undiscounted cash flows and that the measurement of any impairment loss be the difference between the carrying amount and the fair value of the asset. There have been no impairment losses recognized during the years ended April 30, 2014 and 2013, respectively.

Intangible assets

Goodwill relates to the purchase of land. The annual assessment revenue levied from this transaction exceeds the carrying amount of the goodwill and therefore no adjustment to carrying value is deemed necessary.

Deferred bond issuance/financing costs

Expenses related to the issuance of the senior secured bonds are being amortized using the effective interest method over the term of the bonds. Accumulated amortization as of April 30, 2014 and 2013 was \$-0- and \$1,030, respectively. Amortization expense for the years ended April 30, 2014 and 2013 was \$8 and \$11, respectively. During fiscal year 2014, fully amortized financing costs were written off the statements of financial position in the amount of \$1,038 with no additional impact to the statements of activities.

Risk management fund

Under the Association's risk management program, self-insured claims for general liability risks are accrued based on the best estimate of the ultimate cost of both asserted claims and unasserted claims from reported incidents and estimated losses from unreported

Columbia Association, Inc.

(in Thousands)

incidents. Such estimates are reviewed by counsel. The Association is funding the risk management program under a trust fund arrangement, which currently provides for funding as actuarially determined by independent actuaries.

Workers' compensation fund

The Association has a self-insurance program for workers' compensation. Under this program, the Association has a workers' compensation fund for its estimate of the ultimate cost of both asserted and unasserted claims from reported workers' compensation incidents. Claims and fund expenses are paid directly out of the workers' compensation fund. The program includes a trust deposit escrow account in the name of Maryland Workers' Compensation Commission for the benefit of the Association. The investment level of the fund will be periodically reviewed by the State of Maryland Workers' Compensation Commission and by independent actuaries.

Revenue recognition

Property assessments consist of annual charges for which future services are not required and are recognized as revenue when the annual charges are levied and due. Membership and other fees are recognized as revenue on a pro rata basis during the membership period with unearned fees recorded as deferred revenue.

Rental expense

Rental expense is recognized over the lease terms as it becomes payable according to the provisions of the respective leases. However, if the rental expense varies from a straight-line basis, future rental expense including scheduled and specific rent increase and/or rent concession are recognized on a straight-line basis over the lease terms.

Advertising

The Association uses advertising to promote its programs among the audiences it serves. The production costs of advertising are expensed as incurred. Advertising and promotion costs totaled \$649 and \$455 for the years ended April 30, 2014 and 2013, respectively.

Income taxes

Although exempt from federal and state income taxes as provided for under Section 501(c)(4) of the Internal Revenue Code, the Association is subject to federal and state taxes on unrelated business income, if any.

The Association adopted the guidance provided *Accounting for Uncertainty in Income Taxes* ("FASB ASC 740-10") on April 1, 2009. Management has determined that the Association has no material uncertain tax positions that would require recognition under the guidance. The federal and state income tax returns of the Association are subject to examination by the IRS and state taxing authorities, generally for three years after they were filed. During the years ended April 30, 2014 and 2013, there was no unrelated business income.

Note 4 - Fair value measurements

In determining fair value, the Association uses various valuation approaches within the FASB ASC 820 fair value measurement framework. Fair value measurements are determined based on the assumptions that market participants would use in pricing an asset or liability.

FASB ASC 820 establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. FASB ASC 820 defines levels within the hierarchy based on the reliability of inputs as follows:

- Level 1 - Valuations based on unadjusted quoted prices for identical assets or liabilities in active markets;
- Level 2 - Valuations based on quoted prices for similar assets or liabilities or identical assets or liabilities in less active markets, such as dealer or broker markets; and
- Level 3 - Valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable, such as pricing models, discounted cash flow models and similar techniques not based on market, exchange, dealer or broker-traded transactions.

The following is a description of the valuation methodologies used for instruments measured at fair value and their classification in the valuation hierarchy.

Trading and available-for-sale securities

Debt securities consisting of government agency debt obligations are generally valued at the most recent price of the equivalent quoted yield for such securities, or those of comparable maturity, quality and type. Debt securities are generally classified within Level 2 of the valuation hierarchy.

Note 6 - Property assessments

The principal source of the Association's revenue is an annual charge, based on a rate (68 cents per \$100 of assessed valuation in both fiscal years 2014 and 2013) established annually by the Board of Directors, on all of Columbia's assessable real property. The Association's net assessed value is 50% of the State's assessed phased-in cash value subject to a 10% cap; however, the Board of Directors capped the increase at 2.5% for fiscal years 2014 and 2013.

The net assessed value for assessment years beginning July 1 was as follows:

2014	\$10,077,166
2013	9,905,127

Note 7 - Line of credit

The Association has available an unsecured line of credit with a bank, which, under a loan agreement, is limited to borrowings of \$45,000. The outstanding note bears interest at the lower of the bank's prime rate or LIBOR plus 95 basis points (0.15% and 0.20% as of April 30, 2014 and 2013, respectively) and is due on demand. Additionally, the note bears an unused commitment fee of 15 basis points on any difference between the preauthorized schedule of the projected outstanding balance and the amount of the credit actually used. The Association had \$27,012 and \$21,434 outstanding under the line of credit as of April 30, 2014 and 2013, respectively.

The Association had \$230 in letters of credit issued through a bank as of April 30, 2014 and 2013, respectively, none of which has been drawn upon.

Note 8 - Term debt

Senior secured bonds

Senior secured bonds bear interest at annual rates ranging from 6.81% to 11.5%. The weighted average rate as of April 30, 2014 and 2013 was 9.82% and 8.39%, respectively. Such bonds are secured by annual charge revenue and mature at various dates between fiscal years 2014 and 2015. The balance at April 30, 2014 and 2013 was \$2,702 and \$11,373, respectively.

Under the terms of the bond agreements, annual charge revenues are deposited with a trustee under a sinking fund arrangement as security for principal and interest payments.

Aggregate maturities of the Association's senior secured bonds as of April 30, 2014 are as follows:

2015	<u>\$ 2,702</u>

Capital lease obligation

The cost and accumulated amortization of equipment under capital leases were \$1,112 and \$724, respectively, as of April 30, 2014, and \$1,112 and \$613, respectively, as of April 30, 2013. As of April 30, 2014, the future minimum annual payments under capital leases are as follows:

2015	\$	142
2016		142
2017		<u>70</u>
Total minimum lease payments		354
Less: amount representing interest		<u>(6)</u>
Present value of net minimum lease payments	\$	<u><u>348</u></u>

Note 9 - Retirement benefit plan

Substantially all full-time and eligible part-time employees are covered by a defined contribution retirement benefit plan. Contributions are based on 6% of eligible employees' salaries. Previously, employees became fully vested in the plan after seven years of service. Effective April 1, 2007, employees become fully vested after six years of service. Expenses under this plan were \$1,084 and \$1,021 for the years ended April 30, 2014 and 2013, respectively.

Note 10 - Commitments

The Association leases certain facilities and equipment under operating leases. Rental expense, exclusive of these costs, was \$748 and \$793 for the years ended April 30, 2014 and 2013, respectively.

As of April 30, 2014, the Association's total commitment for minimum annual rentals, exclusive of maintenance and other occupancy costs, under noncancellable operating leases are:

2015	\$	878
2016		871

The lease for the headquarters building includes a rent abatement for the period September 1, 2011 to February 28, 2012 valued at \$249. Accrued abatements of \$74 and \$129 were included in accounts payable and accrued expenses as of April 30, 2014 and 2013, respectively. The lease for the IT offices also includes rent abatement for the period August 1, 2012 to April 30, 2013 valued at \$10. Accrued abatements of \$5 and \$9 were included in accounts payable and accrued expenses as of April 30, 2014 and 2013, respectively. The lease for the new fitness center includes rent abatement for the period September 1, 2014 to August 31, 2015 valued at \$386. The abatements are amortized over the life of the lease and are reflected as a reduction of rent expense as reported in the statements of activities.

In 2013, the Association committed \$1,600 to the Inner Arbor Trust, Inc. For the year ended April 30, 2013, the Association recognized an expense in the amount of \$1,600. As of April 30, 2014 and 2013, \$190 and \$1,600, respectively, remain unpaid and are included in accounts payable and accrued expenses in the statements of financial position.

Note 11 - Postretirement health care

The Association sponsors a defined postretirement medical benefit plan that covers both salaried and nonsalaried full-time employees and their spouses or surviving spouses. The postretirement health care plan is contributory. The Association will provide a maximum contribution of \$2.5 to retired employees and their spouses for employees who have 20 or more years of full-time service with the Association and have passed their 60th birthday. This contribution will decrease to a maximum of \$1.5 when the retiree reaches age 65. This benefit terminates on the 10th anniversary of the benefit commencement date. The employee contributes the remainder of the health care cost.

The following table sets forth the funded status of the Association's postretirement health care benefit plan reconciled to the accrued postretirement benefits cost recognized by the Association as of April 30 :

	<u>2014</u>	<u>2013</u>
Reconciliation of benefit obligations

Note 12 - Significant estimates

Reserve for general liability self-insurance

Under its general liability self-insurance plan, the Association accrues the estimated expense of general liability claims based on claims filed subsequent to year-end and an additional amount for incurred, but not yet reported claims based on prior experience. Accruals for such costs of \$1,443 and \$1,336 are included in accrued expenses as of April 30, 2014 and 2013, respectively. Claim payments based on actual claims ultimately filed could differ materially from these estimates.

Reserve for workers' compensation self-insurance

Under its workers' compensation self-insurance plan, the Association accrues the estimated expense of workers' compensation claims based on claims filed subsequent to year-end and an additional amount for incurred, but not yet reported claims based on prior experience.

Accruals for such costs of \$2,037 and \$1,670 are included in accrued expenses as of April 30, 2014 and 2013, respectively. Claim payments based on actual claims ultimately filed could differ materially from these estimates.

Note 13 - Concentration of credit risk

The Association maintains its cash balance in several accounts in various banks. At times, these balances may exceed the federal insurance limits; however, the Association has not experienced any losses with respect to its bank balances in excess of government provided insurance. Management believes that no significant concentration of credit risk exists with respect to these cash balances as of April 30, 2014.

Note 14 - Contingencies

The Association is periodically a party to various lawsuits, claims and investigations, both actual and potential arising in the normal course of business. Based on internal review and advice of legal counsel, management believes the ultimate outcome of these matters, individually and in the aggregate, will not have a material adverse effect on the Association's financial position or results of operations.

Note 15 - Subsequent events

Events that occur after the statement of financial position date but before the financial statements were available to be issued must be evaluated for recognition or disclosure. The effects of subsequent events that provide evidence about conditions that existed at the statement of financial position date are recognized in the accompanying financial statements. Subsequent events which provide evidence about conditions that existed after the statement of financial position date require disclosure in the accompanying notes. Management evaluated the activity of the Association through July 25, 2014 (the date the financial statements are available to be issued) and concluded that the following subsequent events have occurred that would require disclosure in the notes to the financial statements.

On June 18, 2014, the State of Maryland assigned \$190 in general-obligation bond proceeds from the Association to Inner Arbor Trust, Inc. for the design and construction of Symphony Woods Park (see Note 10).

On June 26, 2014, the Association entered into a new 15-year bank loan agreement for \$30,000 at a rate of 3.63%. The funds will be used to refinance certain interim indebtedness incurred to finance capital improvements.
