New Towns - OGD

October 29, 1963

Dear Jim:

Many, many thanks for the slides and the notes on your talk. It is a wonderful favor to us for you to send these along, and I know that Bill Finley and his people will be particularly pleased to have them.

We are making progress with our own ideas and will soon have some very important announcements to make. We will keep in touch with you.

Best regards.

Sincerely,

James W. Rouse
