

Report from the Inner Arbor Trust, December, 2016

The IAT is pleased to welcome Mary Ann Scully, President and CEO of Howard Bank, as the newest member of the board. In addition, the bank has pledged \$50,000 over the next 10 years to the IAT.

The Chrysalis is nearing completion and an April 21, 2017 opening is being planned. Appropriately, this is also Earth Day.

Now that control of the Merriweather Post Pavilion has officially transferred to the Downtown Columbia Arts and Culture Commission we anticipate working with them as well as with local arts groups to make our new pavilion-stage- piece of art—the Chrysalis—available to the community as we continue to develop the park.
