Note 1 - Organization and summary of significant accounting policies

Organization

Columbia Association, Inc. (the "Association") is a nonprofit membership corporation, incorporated under Maryland law. It develops and operates recreation and community facilities; provides community programs and assistance; and maintains and develops park land and open space in Columbia, Maryland. The Association is governed by an eleven-member Board of Directors comprised of the Association's President and ten members elected by residents of each of the ten villages.

Use of estimates in preparing financial statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and cash equivalents

The Association defines cash equivalents as all highly liquid investments with maturities of ninety days or less when acquired, except when such investments are held by trustees for the risk management and workers' compensation funds.

Accounts receivable

Accounts receivable consist principally of membership fees receivable, which are uncollateralized and generally have a term of one to three years. Accounts receivable also include annual charge balances, which are collateralized by the related property.

The carrying amount of accounts receivable is reduced by a valuation allowance. The reserve for abatements and allowance for doubtful accounts is based on management's assessment of the collectability of specific accounts and the amount of abatements residents will receive on their property assessment.

Risk management fund

Under the Association's risk management program, self-insured claims for general liability risks are accrued based on the best estimate of the ultimate cost of both asserted claims and unasserted claims from reported incidents and estimated losses from unreported incidents. Such estimates are reviewed by counsel. The Association is funding the risk management program under a trust fund arrangement, which currently provides for funding as actuarially determined by independent actuaries.

Columbia Association, Inc.

**Notes to Financial Statements

(in Thousands)**

Workers' compensation fund

The Association has a self-insurance program for workers' compensation. Under this program, the Association has a workers' compensation fund for its estimate of the ultimate cost of both asserted and unasserted claims from reported workers' compensation incidents and estimated losses from unreported incidents. Claims and fund expenses are paid directly out of the workers' compensation fund. The program includes a trust deposit escrow account in the name of Maryland Workers' Compensation Commission for the benefit of the Association. The investment level of the fund is periodically reviewed by the State of Maryland Workers' Compensation Commission and by independent actuaries.

Investments held by trustees

Investments held by trustees consisting of money market funds and U.S. Government mortgage bonds and treasuries are stated at fair value and are reflected in the risk management fund and workers' compensation fund on the statements of financial position.

Property, facilities and equipment, net

Land includes approximately 3,600 acres of land that has been contributed to the Association since the establishment of the community of Columbia and is recorded at zero value. The contributed land is subject to a zoning ordinance limiting its usage to public or community usage. Costs of parks, lakes and related permanent land improvements are accounted for as land and are not depreciated because they have an indefinite useful life. Facilities, equipment and land improvements that have a limited life are stated at cost and are depreciated using the straight-line method.

<u>Assets</u>	<u>Estimated useful lives</u>
Building and recreational facilities	10 to 40 years
Land improvements	20 to 25 years
Furniture, equipment and other	3 to 10 years

Expenditures are capitalized if the expenditure results in a new asset with a useful life of at least two years and meets the monetary threshold or represents an addition to an existing asset that materially improves or extends the asset beyond its original intended function or increases the useful life by at least two years. The monetary threshold is defined as \$2,500 for a single item except for certain equipment or livestock, which should be capitalized if a single item costs at least \$1,500. This includes an expenditure that is for a group of identical or coordinating items with a total cost of at least \$2,500 that are purchased together and replaced at the same time.

Accounting for the Impairment or Disposal of Long-Lived Assets, requires that an impairment loss be recognized only if the carrying amount of a long-lived asset is not recoverable from its undiscounted cash flows and that the measurement of any impairment loss be the difference between the carrying amount and the fair value of the asset. There were no impairment losses recognized during the periods ended October 31, 2018 and 2017, respectively.

Columbia Association, Inc.

**Notes to Financial Statements
October 31, 2018 and 2017
(in Thousands)**

Intangible assets

Goodwill relates to the purchase of land. The annual charge resulting from this transaction exceeds the carrying amount of the goodwill and therefore no adjustment to carrying value is deemed necessary.

Deferred financing costs

Expenses related to the term loan are being amortized using the effective interest method over the term of the respective debt. Accumulated amortization as of October 31, 2018 and 2017 was \$67 and \$53, respectively. Amortization expense for the periods ended October 31, 2018 and 2017 was \$6 and \$7, respectively. Estimated future amortization expense is as follows:

Year ending April 30,	Amortization expense
2019	\$ 6
2020	12
2021	11
2022	10
2023	9
2024 and thereafter	29
	<u>\$ 77</u>

Revenue recognition

Annual charge revenue consists of annual charges for which future services are not required and are recognized as revenue when the annual charges are levied and due. Membership and other fees are recognized as revenue on a pro rata basis during the membership period with unearned fees recorded as deferred revenue.

Rental expense

Rental expense is recognized over the lease terms as it becomes payable according to the provisions of the respective leases. However, if the rental expense varies from a straight-line basis, future rental expense including scheduled and specific rent increase and/or rent concession are recognized on a straight-line basis over the lease terms.

Advertising

The Association uses advertising to promote its programs among the audiences it serves. The costs of advertising are expensed as incurred. Advertising and promotion costs totaled \$174 and \$312 for the periods ended October 31, 2018 and 2017, respectively.

Income taxes

Although exempt from federal and state income taxes as provided for under Section 501(c)(4) of the Internal Revenue Code, the Association is subject to federal and state taxes on unrelated business income, if any.

The Association adopted the guidance provided in *Accounting for Uncertainty in Income Taxes* on April 1, 2009. Management has determined that the Association has no material uncertain tax positions that would require recognition under the guidance. The federal and state income tax returns of the Association are subject to examination by the IRS and state taxing authorities,

generally for three years after they were filed. Net unrelated business income was \$0 for the periods ended October 31, 2018 and 2017.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the statements of activities. Accordingly, costs have been allocated among the programs and supporting services that benefit from those costs.

Reclassifications

Certain prior year amounts have been reclassified to conform with the current year presentation.

Subsequent events

The Association evaluated subsequent events through November 30, 2018, the date the financial statements were available to be issued.

Note 2 - Accounts receivable

Accounts receivable are comprised of the following as of October 31, 2018 and 2017:

	<u>\$ 3,505</u>	<u>\$ 3,528</u>	<u>\$ 3,240</u>	<u>\$ 3,249</u>

Note 4 - Fair value measurements

In determining fair value, the Association uses various valuation approaches within the fair value measurement framework. Fair value measurements are determined based on the assumptions that market participants would use in pricing an asset or liability.

Professional guidance establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. The levels within the hierarchy based on the reliability of inputs as follows:

- Level 1 - Valuations based on unadjusted quoted prices for identical assets or liabilities in active markets;
- Level 2 - Valuations based on quoted prices for similar assets or liabilities or identical assets or liabilities in less active markets, such as dealer or broker markets; and
- Level 3 - Valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable, such as pricing models, discounted cash flow models and similar techniques not based on market, exchange, dealer or broker-traded transactions.

The following is a description of the valuation methodologies used for instruments measured at fair value and their classification in the valuation hierarchy.

Trading and available-for-sale securities

Debt securities consisting of government agency debt obligations are generally valued at the most recent price of the equivalent quoted yield for such securities, or those of comparable maturity, quality and type.

Note 6 - Annual charge

The principal source of the Association's revenue is an annual charge, based on a rate (68 cents per \$100 of assessed valuation in both fiscal years 2019 and 2018) established annually by the Board of Directors, on all of Columbia's assessable real property. The Association's net assessed value is 50% of the State's assessed phased-in cash value subject to a 10% annual increase cap; however, the Board of Directors capped the increase at 3.5% for fiscal years 2019 and 2018.

The net assessed value for assessment years beginning July 1 was as follows:

2019	\$	11,898,862
2018		11,371,188

Note 7 - Line of credit

The Association has available an unsecured line of credit with a bank, which, under a loan agreement, is limited to borrowings of \$33,000. The outstanding note bears interest at the lower of the bank's prime rate or LIBOR plus 55 basis points (2.84% and 1.78% as of October 31, 2018 and 2017, respectively) and is due on demand. Additionally, the note bears an unused commitment fee of 10 basis points on any difference between the preauthorized schedule of the projected outstanding balance and the amount of the credit actually used. The Association had \$-0- outstanding under the line of credit as of October 31, 2018 and 2017.

Note 8 - Term debt

Term loan

On June 26, 2014, the Association entered into a 15-year fixed rate bank loan with TD Bank in the amount of \$30,000. The loan's interest rate is 3.63% and matures in fiscal year 2030. The Association began making monthly principal and interest payments in August 2014 for the term of the loan. The funds were used to refinance certain interim indebtedness incurred to finance capital improvements. As of October 31, 2018, the future loan principal payments are as follows:

Capital lease obligation

The cost and accumulated amortization of equipment under capital leases were \$581 and \$392, respectively, as of October 31, 2018, and \$581 and \$276, respectively, as of October 31, 2017. As of October 31, 2018, the future minimum annual payments under capital leases are as follows:

2019	\$	61
2020		143
2021		<u>54</u>
Total minimum lease payments		258
Less amount representing interest		<u>(3)</u>
Present value of net minimum lease payments	\$	<u><u>255</u></u>

Note 9 - Retirement benefit plan

Substantially all full-time and eligible part-time employees are covered by a defined contribution retirement benefit plan. Contributions are based on 6% of eligible employees' salaries. Employees become fully vested after six years of service. Expenses under this plan were \$607 and \$600 for the periods ended October 31, 2018 and 2017, respectively.

Note 10 - Commitments

The Association leases certain facilities and equipment under operating leases. Rental expense, exclusive of these costs, was \$1,040 and \$1,004 for the periods ended October 31, 2018 and 2017, respectively.

The Association records rent expense using the straight-line method over the life of the lease terms, which differs from the amount of rent due under the terms of the leases, resulting in a deferred rent payable, of \$450 and \$362, which was included in accounts payable and accrued expenses as of October 31, 2018 and 2017, respectively.

Columbia Association, Inc.

**Notes to Financial Statements
October 31, 2018 and 2017
(in Thousands)**

As of October 31, 2018, the Association's total commitment for minimum annual rentals, exclusive of maintenance and other occupancy costs, under non-cancellable operating leases is:

2020	1,578
2021	1,610
2022	1,642
2023	1,675
2024 and thereafter	<u>6,287</u>
Total	<u>\$ 13,568</u>

The lease for the headquarters building located on Hillside Court includes a rent abatement for the period September 1, 2015 to July 31, 2016 valued at \$460. Accrued abatements of \$345 and \$381 were included in accounts payable and accrued expenses as of October 31, 2018 and 2017, respectively.

The lease for Haven on the Lake includes a rent abatement for the period September 1, 2014 to August 31, 2015 valued at \$386. Accrued abatements of \$240 and \$275 were included in accounts payable and accrued expenses as of October 31, 2018 and 2017, respectively. The lease also includes a tenant improvement allowance of \$1,378. Accrued allowances of \$945 and \$1,011 were included in accounts payable as of October 31, 2018 and 2017, respectively. The abatements and allowances are amortized over the life of the lease and are reflected as a reduction of rent expense as reported in the statements of activities.

Note 11 - Postretirement health care

The Association sponsors a defined postretirement medical benefit plan that covers both salaried and nonsalaried full-time employees and their spouses or surviving spouses. The postretirement health care plan is contributory. The Association will provide a maximum contribution of \$2.5 to retired employees and their spouses for employees who have 20 or more years of full-time service with the Association and have passed their 60th birthday. This contribution will decrease to a maximum of \$1.5 when the retiree reaches age 65. This benefit terminates on the 10th anniversary of the benefit commencement date. The employee contributes the remainder of the health care cost.

The following table sets forth the funded status of the Association's postretirement health care benefit plan reconciled to the accrued postretirement benefits cost recognized by the Association as of April 30:

Note 12 - Significant estimates

Reserve for general liability self-insurance

Under its general liability self-insurance plan, the Association accrues the estimated expense of general liability claims based on claims filed subsequent to year-end and an additional amount for incurred, but not yet reported claims based on prior experience. Accruals for such costs of \$1,308 and \$1,345 are included in accrued expenses as of October 31, 2018 and 2017. Claim payments based on actual claims ultimately filed could differ materially from these estimates.

Reserve for workers' compensation self-insurance

Under its workers' compensation self-insurance plan, the Association accrues the estimated expense of workers' compensation claims based on claims filed subsequent to year-end and an additional amount for incurred, but not yet reported claims based on prior experience.

Accruals for such costs of \$2,228 and \$2,254 are included in accrued expenses as of October 31, 2018 and 2017, respectively. Claim payments based on actual claims ultimately filed could differ materially from these estimates.

Columbia Association, Inc.

**Notes to Financial Statements
October 31, 2018 and 2017
(in Thousands)**

Note 13 - Concentration of credit risk

The Association maintains its cash balance in several accounts in various banks. At times, these balances may exceed the federal insurance limits; however, the Association has not experienced any losses with respect to its bank balances in excess of government provided insurance. Management believes that no significant concentration of credit risk exists with respect to these cash balances as of October 31, 2018.

Note 14 - Contingencies

The Association is periodically a party to various lawsuits, claims and investigations, both actual and potential arising in the normal course of business. Based on internal review and advice of legal counsel, management believes the ultimate outcome of these matters, individually and in the aggregate, will not have a material adverse effect on the Association's financial position or results of operations.
